SNEAK THIEVES ACTIVE IN D. C. REPORTS SHOW

Many Cases of Money and Bicycle Thefts Reported Locally.

Despite numerous arrests and convictions, sneak thieves are still very active in this city.

Leroy Gregory, a resident of Lynchburg, Va., on his way to Chester, Pa., reported yesterday that four colored women had robbed him of \$25. Gregory got separated from his money at 4th Avenue court southwest, he told the police.

Solomon Roper, of 2151 Pennsylvania avenue northwest, reported that while in the theater, he was robbed of \$10, between Ninth and Tenth streets northwest, his bicycle, valued at \$10, was stolen.

Jesse Johnson, of 126 French street, Ivy City, reported that his bicycle, which he left in front of the Public Library yesterday afternoon, was stolen.

A postoffice money order for \$60, the property of E. W. Keen, of the Summit Hotel, Seventh and N streets northwest, was taken from his pocket yesterday.

Miss Gladys Burton, of 1806 Riggs place northwest, was robbed of a handbag containing \$24.50 while at the corner of Nineteenth and Corcoran streets. Miss Burton stated that a white man, five feet four inches tall, wearing a blue suit, snatched the handbag from her.

R. L. Bowie, of 501 Second street northwest, was robbed of a 1917 model Ford touring car, the machine was taken from the corner of Fourteenth and I streets northwest.

H. A. Malvern, of 61 Bryant street northwest, manager for a tea store at 14th and E streets northwest, complained that someone entered the store yesterday through a broken window and stole \$30.25.

W. S. S. Poster Drawn by Casper Emerson, Jr., Is To Be Displayed Here

As the opening gun of an intensive campaign urging the public promptly to redeem the War Savings Stamps pledges made in the June drive, a strikingly effective poster will soon be prominently displayed throughout the District.

Drawn by the celebrated artist, Casper Emerson, Jr., and printed in six colors, it pictures a trio of soldiers at a machine gun in the foreground.

One of the largest sales of War Savings Stamps yet recorded was that made by the Washington Geographic Society yesterday to Paul M. Warburg, the departing head of the Federal Reserve Board, who purchased stamps to the total maturity value of \$5,000.

CHARWOMEN ORGANIZE AS FEDERAL WORKERS

Union May Later Be Affiliated to National Federation.

Forty charwomen from the government buildings met last night and formed a unit of the National Federation of Federal Employees. The meeting and the Federation advertised at all and the Federation expects to have a membership of all six hundred women in the government buildings shortly.

All the women present last night pledged themselves to go among the departments and solicit members for the unit. As soon as they are well organized the Federation will take up their grievances and work for relief of the women. They all have to work three or four hours a day, they state, although their examination calls for only two hours' work.

Because the pay is so small many have left the departments and the extra work must be done by those left. This means longer hours with no more pay.

The Federation will also insist on the \$120 increase for these women.

WEATHER CONDITIONS.

District of Columbia and Maryland: Fair Friday and Saturday; moderate temperature; light variable winds.

Virginia: Fair Friday and probably Saturday; light easterly winds.

GENERAL FORECAST.

An area of high pressure has overspread the Upper Lake region. In practically all other parts of the country, the pressure is low, the retreating depression between the Northern Rocky Mountain Region. Thunderstorms have occurred in the South Atlantic States, the Middle Mississippi and the Missouri valleys and in Arkansas.

It is somewhat cooler in Atlantic Coast districts north of Maryland. The temperature distribution, however, is exceedingly irregular, due largely to scattered showers in various parts of the country.

The weather is indicated for all parts of the Washington forecast district Friday and Saturday, except in the South Atlantic States and the Florida Peninsula where scattered local rains are probable.

TODAY'S CARICATURE

CAR OF PAPER SENT OFF BY D. C. RED CROSS

First Sale of Waste Made by Volunteer Salvage Organization.

A carload of baled waste paper of 55,000 pounds, was sent to Philadelphia yesterday by the Salvage Department of the District Red Cross. This is the first sale made by this division of the Red Cross which has been growing rapidly.

All the work involved was done by volunteer workers. J. M. Denty is chairman of the trucking committee and the following men furnished trucks and helped yesterday: F. P. May, Rudolph and West Company, Burr Brothers, George G. Heiger, Captain Stultz of No. 19 Engine Company, and F. S. Higginson. The handling of the paper was done by volunteer policemen. "The policemen of the city are doing the Red Cross the greatest service," said Mrs. Dougherty yesterday.

Mrs. Charles Keene, 1718 Q street northwest, telephone North 8920, has been chairman of the tin-foil committee. Her committee will place boxes asking for tin-foil in hotels, restaurants, clubs, and all places where tin-foil is discarded.

Analostan Boat Club For Use of Government As Recreation Center

The Analostan Boat Club in the Potomac, below the Aqueduct Bridge, has been turned over to the Government Recreation League for the recreation of government employees and will be run under the auspices of the District of Columbia war camp community service for this purpose. The club was opened as a recreation center for government workers last Tuesday evening when fifty girls from the supplies and accounts division of the Navy Department held their there. Miss Margaret Day of the War Camp Service gave a short talk on swimming and its value to the health of persons who work indoors the greater part of the day.

All sorts of water sports including swimming, boating and canoeing, as well as dancing will be available at the new home of the Government Recreation League.

Intermezzo, "Parade of the Dolls" Lantieri
Finale, "So Long Mother" Lantieri
The Star Spangled Banner.

FOOD PRICES IN CINCINNATI 16.8% LOWER

Living in Ohio City Much Cheaper Than in D. C., Bureau States.

The cost to the average family in Washington for food is slightly over 16.8 per cent more than if the same food were purchased in Cincinnati, according to figures collected in the two cities by the Bureau of Markets, Washington is 10 per cent higher than Cincinnati.

These figures were arrived at by proper "weighting" of the different foods in use.

The Bureau of Markets has given out a table of food prices, accompanied by the following statement:

"The accompanying figures show Washington food prices to be higher than those of Cincinnati on all fresh meats and a large portion of the other items listed.

"In the bread and bread-substitute group, Washington is considerably higher, except on rice. This group is important on account of the quantity consumed, and is largely responsible for Washington's high percentage of excess over Cincinnati.

"In the dairy products, the differences in the two cities are not so marked, Washington being somewhat higher on butter and eggs and Cincinnati higher on oleomargarine and lard.

"In the fresh meat group, Washington is from 5 to 10 per cent higher than Cincinnati.

"In the cured meat group, Washington is slightly higher on bacon, with Cincinnati higher on ham.

"In the flour and corn meal group, Washington is considerably higher."

Figures are also given which show Washington food prices considerably higher than those in Denver especially on those articles which form a large part of the average family's expenditure for food.

The relative importance of the various food groups on the basis of expenditure for each, has been determined by recent studies of the Office of Home Economics of the Department.

"Y" GIRLS AT COUNTRY CLUB.

About forty girls from the Council of National Defense made their first visit to the Y. W. C. A. Country Club yesterday evening. They had a catered supper in the open, and played out-door games until daylight faded. The Far Western Club held its usual meeting at the Country Club.

Notice to Druggists Price Advance

For over a year now we have succeeded in maintaining our old prices, principally by virtue of a big increase in sales, which reduced our overhead cost.

For our fiscal year ending July 1, 1918, our sales amounted to over a million dollars—an increase of 58% over the preceding year.

We had hoped to bridge the war period without a change in prices on

Vick's VapoRub

but we find that our economies do not keep pace with our rising costs. It is with sincere regret, therefore, that we are forced to announce an increase, effective August 1, which will make it necessary to retail VapoRub at

Milk-Fed Chickens

Different and Superior in Every Respect to the Farm Chickens, Milk-Fed Chickens Are Tender, Juicy, Sweet Flavored.

In the parlance of poultrymen "MILKS" is expressive of Poultry which have been scientifically fed on a ration of pure foods properly mixed with buttermilk for a suitable period of time before the Milk-Fed Chickens are used for table purposes.

Dry-Picked Milk-Fed Chickens retain all the delicate flavoring of the flesh; all the cells of the flesh are rounded out, soft and juicy, and do not become stringy or tough.

Just Try These Famous Milk-Fed Chickens. You'll Like Them.
